Subject: ADV filing extension

To: The SEC and Green Visor Capital Fund Investors

Green Visor Capital Management, LLC is an exempt reporting advisor who files an annual ADV form with the SEC. The outbreak of the coronavirus disease 2019 (COVID-19) has limited the firm's access to facilities, personnel, and third-party service providers, making it challenging to file our annual Form ADV by the typical 3/31 deadline. As such, we are relying on the SEC's recent order (Section 206A of the Advisers Act) to delay our annual filing. We currently plan to submit our filing on or before the April 30th deadline referenced in the order. In addition to submitting this information to the SEC, the notification will also be posted on our website for Fund Investors to review.
